OFFICE OF PETITIONS

Brenda,

We forwarded the U.S. patent application for the above-identified matter to the inventor, Heather Steiner Brown, at her home address. Apparently, she is no longer located at this address (410 Village Green Blvd., Apt. 103, Ann Arbor, MI 48105) and her telephone number has also been disconnected. Please advise if you have an additional address or are able to obtain a forwarding address for her.

Thank you!

Brenda
